

Hope for Haiti Foundation Student Intern Program

Hope for Haiti Foundation believes in partnerships. In all of our work, we strive to create a mutual learning experience between all parties involved. Student interns provide valuable knowledge and support to HFHF's projects, while HFHF offers a hands-on field experience that is often life-changing. HFHF depends on its volunteers to operate, and student interns are no exception. We are excited to have you join us!

Our Mission

Hope for Haiti Foundation's mission and objectives are threefold:

- To provide education to the underprivileged children throughout the remote villages and towns of Haiti.
- To provide health care to communities without clinics, hospitals, medical doctors, or nurses.
- To provide places and activities that foster community growth and vitality – by physical, mental, and spiritual means.

Our goal: Helping Haiti help Haiti. The Foundation's work impacts individual Haitians, consequently empowering them to change their own nation.

We are equipping a new generation with a vision and the skills to make the dream a reality. Already, there are native Haitians making a difference as nurses, ministers, and teachers. The future undoubtedly holds influencers in law, politics, community organization, media and more. Haiti is not a hopeless nation. The Haitian's strength of spirit provides a rock-solid foundation. We're just building upon it.

About Student Internships

Because we are a grassroots organization, internships with HFHF provide a great learning opportunity, and the ability to take ownership of projects. Students will play a pivotal role in the work and are given significant responsibility that they may not have opportunity to receive in a larger organization. If you are looking for hands-on experience and a leadership role, then HFHF may be just the place for you.

Internship length is flexible, and can last anywhere from one to six months depending on the project and the availability of the student.

Questions?

If you are interested in pursuing an internship with HFHF, please contact:
